We are indeed happy to produce Annual Report of Snehalaya. We are going to present the important activities Carried out by Snehalaya during the year in 2014-15 brief through this Annual Report.

This year, we are promoting 'volunteering' to connect maximum people to Snehalaya's various projects. It proved beneficial in many ways e.g. the volunteers are becoming our ambassadors and spreading words in their circles, it creates chain of volunteers day by day. Secondly we are getting professionals to work with us and improve the quality of current activities with the help of them. We are become successful to attract international volunteers as well. It is an ideal example of what volunteers can do. Ms. Miranda Hudson has now registered the charity in UK. Named Snehalaya UK. and working every day to collect the funds to support Snehalaya's various activities in India without any expectations. She has wonderful vision and now planning to start activities, which will help women and children in UK. Similarly Ms. Ulrike Hilgers from Germany is taking very hard efforts to connect maximum German speaking people to Snehalaya through the website www.snehalaya.de in the world. It is always updated and attracting the philanthropists. Ms. Ulrike motivates those people to donate, at least to take sponsorships of our beneficiaries in Rahab. Center. She has generously made her house a collection center of used material for Snehalaya. She is working selflessly and silently. Several other selfless volunteers are coming forward and investing their time to make Snehalaya global hub for social change. Looking at opportunities the team Snehalaya has adopted many changes. New organization structure has come up and successfully being implemented under the keen guidance of Hon. Pakash Apte, our mentor and supporter. The system became decentralized and non-inter-dependent. It has geared up the whole process of providing services to the beneficiaries. Improved the quality of services. Snehalaya has formed separate 'Resource Mobilization' department. It is now taking the shape and collecting resources to run the grass-root projects. There is always a scarcity of funds but we are trying to over come it with your generous financial support. We always remember your contribution, support and guidance. We still need your solid support to keep on going such humanitarian work in future. Please extend your hand and strengthen the movement of social change.

Mr. Rajiv Gujar  
Hor. Secretary  
Snehalaya, Ahmednagar
The Inspiration:-

A few college students led by Dr. Girish Kulkarni, who were inspired by Swami Vivekananda’s exhortation, “They alone live who live for others, the rest are more dead than alive!” established the organization in 1989. The turning point occurred when one of the trafficked girls of 14 was brutally tortured by her inhuman brothel-keeper. These same college students horrified by the hellish scene decided to take some action to rescue such children and women from inhuman atrocities and abuse. That resulted in the formation of “Snehalaya” (meaning “Home of Love”), which is a unique non-profit, charitable, philanthropic, non-political, well-diversified social service organization founded in 1989, dedicated to serve the most neglected and exploited class of our society, primarily women & children Victims of Commercial Sexual Exploitation and human Trafficking (VCSET). Snehalaya is registered with the United Nations (UNODC) and also reputed organizations like GiveIndia. Snehalaya’s efforts through its multi-faceted projects from the grass-root levels, has had tremendous socio-economic & health impact by improving the lives of thousands of suffering women & children affected by the direct or indirect consequences of human trafficking including victims of sexploitation, slavery, HIV/AIDS, rape, unwanted pregnancies addictions, child labor, street children, abused/under-privileged children, physically-challenged children, slum-dwellers, unwed mothers etc. The primary objective is to seek, rescue, support, empower, rehabilitate & re-integrate oppressed women, deprived children and distressed HIV/AIDS afflicted families, through direct intervention. In addition to numerous awards, citations, trophies, the most prominent is the prestigious Dr.Durgabai Deshmukh Award presented to Snehalaya by the President of India Mr.Pranab Mukherjee, in November,2012; for innovative pioneering work in this difficult field.

Snehalaya has initiated several unique pioneering measures to bring joy into the lives of underprivileged children, including curbing female feticide, rescue and rehabilitation of discarded new-born babies. With zero tolerance, Snehalaya has effectively curbed coerced prostitution of minor girls in Ahmednagar district of Maharashtra. Snehalaya operates its own school, IT Center, rehabilitation center, community kitchen, medical & counseling facilities, legal aid, vocational training facilities, recreation facilities, living accommodation etc in a homely environment. Quite a few of the beneficiaries are minors. The victims originating from various parts of the country are provided totally free-of-cost food, clothing, shelter, medications, counseling, legal aid etc. Snehalaya depends solely on the financial/material/skills/time contributions of donors/sponsors for the implementation of its programs.

Snehalaya is currently working in all the 14 Tehsils of Ahmednagar District as well as the neighboring districts like Solapur, Nasik, Pune etc., and networks with like-minded individuals and NGOs.

Our Vision:- To develop awareness and capability in those members of the society who have been deprived of their fundamental rights because of the inequality in the society.

- **Calibration of World Aids Week:** State level bride & groom interactive program:

  On the 02nd December 2014 in the world HIV and Aids week program Aids affected people try to hide their infection for fear of being excluded from society. However, it is essential that the society should accept HIV or Aids affected people and aim to understand and support the problems they face. They should be included as fully fledged members of society. Today, the government has taken steps for benefit of HIV and Aids affected people. They should not choose their prospective spouse on the basis of caste membership, but should select someone who supports and cares for them. This is the view of the higher officer of the ART center, DR. B. G. Thawal.

  Within the programs arranged for this occasion, Snehalaya has organized an introduction seminar where HIV and Aids affected people throughout the state may meet and choose a prospective spouse. During this seminar, Dr. B. G. Thawal gave his speech encouraging HIV and Aids affected people to fight against the boundaries of caste in order to choose their prospective spouses on their own. The seminar was also attended by Hon. Shivaji Jadhav, district officer in charge, Hon. Manoj Patil, counselor, Hon. - **Training from MWCD on “Track the missing child Software”**

The MWCD recognizes that at present there is acute shortage of data and information pertaining to issues related to child protection. Due to this gap, there is no comprehension about the dimension of the problem i.e. number of children requiring support and the kind of services they are in need of. In order to bridge this gap, the MWCD, under the ICPS, has developed an effective system for child protection data management and reporting as well as a tool for monitoring the implementation of all its child protection schemes. A web-enabled data management system on child protection has been created as a resource base for child protection issues. A nationwide website 'TrackChild' has been developed for tracking missing children and their ultimate repatriation and rehabilitation. This is a complex and intensive activity demanding a lot of time and resources. The Child Tracking System has been setup by the Ministry of Women and Child Development with data entry mechanisms and unified procedures for enabling centralized coordination through effective use of web-enabled software that has been developed by NIC for this purpose. At the State level SCPS with support of DCPUs are setting up and managing this Child Tracking System. The main objectives of the Child Tracking System i.e. Track Child.

- Discussion about the importance of Track The child System
- Discussion about the various user of Track The child System
- Discussion about the How to use the Track The child System and presentation about keeping record.
Decision Taken: All Ngo’s will maintain child record as per Track the missing child software within month.

All the ngo's in Ahmednagar today together condemned the brutal massacre of children in Peshawar, Pakistan. Snehalaya has taken initiative to establish "NGO MAHASANGHA", (Network of NGOs) a decade ago and more than 100 institutions and volunteers have became the active member of this initiative. The Mahasangha has organized a day long activities for condemning this massacre. All the volunteers pledged to react with constructive-peaceful and consistent measures for the protection of lives and rights of all children and to combat the violence and terrorism. Hanif Shaikh is coordinator of Snehalaya's Balbhavan project for the education of slum children. Hanif said that Snehalaya has started one of is Balbhavan project in the Mukundnagar area of Ahmednagar. In Mukundnagar, the 100 % population is Muslim. But with the consistent efforts by Balbhavan, all the children in one of the big slum in Mukundnagar have became child labor free. All the kids have joined the school and the girls in the Mukundnagar area have taken the education till engineering. Instead of reacting aggressively, one must join such initiatives as only these efforts will bring sustainable change.
